Super Street Licences – 7,000 Numbers being issued and as it states in the rule book on page 61 should be permanent number not a temp one. This is a joke it also causes issues with the track records as information gets stored to the racers name and number. This is doubling up on information which needs to be corrected, head office are not doing what the rule book states!! page 61 (2.3.3) states when a racer purchases a super street licence they will be issued with a permanent number and a racer pack. This is not what is happening, and some new racers are letting us know this!
