

2.7 LICENCE/ LOGBOOK DECLARATION

If a competitor who is required to have a permanent ANDRA Drag Racing Licence and/or Logbook is unable to produce the valid and current documentation on the day, they will be permitted to compete after completing a declaration form.

- ◇ **NOTE: For each document that is unable to be produced, a competitor must complete the required ANDRA Declaration Form/s. A fee may be invoiced by ANDRA for not having these documents at the event.**

Competitor Declaration Forms must state;

- Eliminator to be competed in,
- That they are a holder of a valid ANDRA Licence and/or Logbook,
- That there are no outstanding infringements in the Competitor Passbook,
- The reason for not being able to produce the valid documentation,
- In the case of a Vehicle Logbook that there are no outstanding vehicle compliance entries,
- In the case of a Vehicle Logbook, that the ANDRA Technical Inspection is current.

Any competitor that is not able to present a current ANDRA Logbook, will be required to complete an ANDRA Declaration Form, and will be required to submit to scrutineering for a full vehicle inspection and class compliance audit prior to completing any runs. Failure to observe these requirements will be subject to the same penalties as a false declaration.

Any racer that is not able to present a current ANDRA Licence (where applicable), will be required to complete an ANDRA Licence Declaration Form prior to completing any runs. Failure to observe these requirements will be subject to the same penalties as a false declaration.

Declaration Forms are to be forwarded onto ANDRA Head Office for processing.

- ◇ **NOTE: The onus is on the competitor to make sure all paperwork has been received and processed by ANDRA Head Office prior to completing a declaration form.**
- ◇ **NOTE: A penalty fee for Licence Declarations and for Logbook Declarations will be charged to the competitor if the competitor was at fault. The fee is not refundable.**

2.7.1 FALSE DECLARATIONS

Any competitor found to have completed a false declaration will be fined, and/or suspended for a period of three (3) months, and will forfeit any Championship points gained at the event in which the false declaration was made.

2.8 PERFORMANCE/ LICENCE TESTING

2.8.1 PERFORMANCE TESTING

Performance Testing is carried out in circumstances where the racer/ vehicle combination has changed, for example the racer is a current holder of the appropriate level of licence for the vehicle and class, but they require familiarisation with a new vehicle setup. Performance Testing must be carried out in a vehicle eligible for the class.

Performance Testing may be carried out at National events prior to or during Qualifying Runs, at the discretion of the Meeting Director and Chief Steward.

Where a competitor has undertaken Performance Testing at a non-ANDRA sanctioned event they must forward details of timecards and passes made to ANDRA Technical 14 days prior to competing at an ANDRA sanctioned event if they do not wish to undertake further Performance Testing. Performance Testing will only be endorsed by ANDRA Technical or the Chief Steward where at least equivalent levels of testing have been undertaken.
