1.3.10 MEETING DIRECTOR

The Meeting Director at any event is responsible for the conduct of the entire meeting and has authority over all Officials under their jurisdiction.

The Meeting Director is responsible for ensuring the integrity of the timing system after an incident where any component has or may have been damaged or dislodged. The Meeting Director has a standing obligation at all times to consider the recommendations of ANDRA Officials and must be prepared to fully justify refusal of any ANDRA Official recommendation. If a Steward raises an issue that could compromise the integrity of any race result, then the Meeting Director must stop the event for the time necessary to properly investigate the issue. The Meeting Director, either of their own volition or through action upon the recommendation of an ANDRA Steward, shall have the authority to exclude an organisation, vehicle or competitor from further participation in an event. In any instance of blatant disregard of safety by a Meeting Director (e.g. wet track, lack of required personnel and equipment, obstacles on track, etc.) the two senior ANDRA Officials present at the event may override the Meeting Director and order the cessation of racing until the track / situation is considered suitable for racing.
